

Predicting Average Annual Daily Traffic (AADT) with Graph Neural Networks

Duan Tu ¹, Hong Zhang ², Hong Zhang ², Zongzhi Li ³

¹ University of Illinois at Chicago, ² Argonne National Lab, ³ Illinois Institute of Technology

Results (Relative Error of Predicted AADT):

1. Multilinear Regression: $O(10^{-3})$
2. EdgeConv: $O(10^{-3})$
3. TransformerConv: $O(10^{-1})$
